Season 1, Episode 65
Step Into the Magic You've Been Dancing Around

INTRO: Hi, I'm Tiffany and you are listening to The Legacy Lounge podcast. If you are a high achieving, mission-driven entrepreneur who wants to elevate your income, impact, and influence, you're in the right place.

I left my corporate career as a creative director for Fortune 500 brands to create a legacy with my work and to support entrepreneurs to do the same. I'm not talking about having your name on a building or statues in your image. I'm talking about leaving behind a positive impact and creating something enduring that can be passed on. You pour your time, energy and passion into your business, so let's make sure your efforts will create a ripple effect that reaches far into the future.

Each monthly series will guide you through the business leadership and life skills you need to successfully leave a legacy that stands the test of time, and each episode is totally valuable on its own. We are here to provide you with the tools and ideas to make massive shifts and quantum leaps in your business, transforming you from entrepreneur into legacy brand.

TIFFANY: Good morning. Welcome to a beautiful new day. And today I want to share a simple idea with you. And where credit is due, this actually came out of the words of somebody in my current round of Legacy Brand Foundations®. And what she said impacted me so much that I wrote it down, and I want to share it with you today.

And she said, "what I'm ready to do here is step into the magic I've been dancing around."

Now, that came on our very first call when I asked, "What are you most excited about in this process, going through the branding process?" And I don't think she realized how profound what she said was when she said it. But I had to repeat it. Wow, step into the magic that I've been dancing around. What is that in your life or your business? There's magic out there waiting for you. You're aware of it, most likely, because magic is the dreams that we come to but so often the doubt, the fear, the worry, the what ifs rise up. There's the upper limits and we're afraid to bust through them and pass them. But what if you can commit today to stepping into that magic that you've been dancing around, giving yourself permission to take the next step towards your vision?

Now, I'm not saying that you haven't been taking steps, but what's the one thing that maybe you've been wanting to do, you know you should do?

And maybe it's something really simple. It's not difficult, but you've been procrastinating on it. Or maybe it is a little bit difficult and it feels hard, so you just keep putting it off. And I'm not shaming anyone here, we all do this. But most often it's one small thing or one major thing that you've been putting off that will allow you to fully step into that magic. And then the ripple effect happens when everything else will start to fall

into place. So I invite you to think about that today, share it with us in the group if you feel called to, and we're here cheering you on.
